

The International Journal of ENGINEERING EDUCATION

www.ijee.ie

The International Journal of Engineering Education (IJEE) is an independent, peer-reviewed journal. It has been serving as an international archival forum of scholarly research related to engineering education. The Journal publishes six issues per year.

The Journal has published papers in numerous areas of engineering education, including:

Electrical/Electronics Engineering, Mechanical Engineering, Civil Engineering, Chemical Engineering, Computer Engineering, Agricultural Engineering, Aerospace Engineering, Mathematics, Statistics, STEM Learning, Thermodynamics, Structural Engineering, Control Engineering, Robotics, Mechatronics, Fluid Mechanics, Nanotechnology, Simulators, Web-Based Learning, Remote Laboratories, Engineering Design, Engineering Education Research, Assessment, Problem-Based Learning, Sustainability, Creativity, Cooperative Learning, Active Learning, Motivation, Outreach, Women in Engineering, Needs of Industry, and International Cooperation.

Submission of Manuscripts

Manuscripts are to be submitted to the Editor, Dr. Ahmad Ibrahim by e-mail at: ijee.editor@gmail.com

Manuscripts should be submitted in English as MSWord documents (.doc). Authors submitting a revised manuscript need to outline separately the response to the reviewers' comments and the changes introduced to the manuscript.

Manuscripts will be reviewed; all accepted revised manuscripts should be submitted following the style of the Journal (a short guide is available online and at the end of the print issues). They will be copy-edited and typeset. The proofs in PDF format will be sent to the authors before publication.

Copyright

By submitting a manuscript the author(s) declares that the manuscript was not published before, that it is not being considered for publication elsewhere, and that if accepted for publication in the IJEE, will not be published anywhere else. If accepted for publication in the IJEE, the authors agree to transfer the copyright to the Journal and to honour the page charges.

Page Charge

Authors of accepted manuscripts are asked to pay a page charge; the total charge is calculated based on the number of pages of the proofs. Details are provided on the web page of the IJEE.

Review Criteria

Manuscripts that appear to be within the scope of the Journal will be peer-reviewed. Reviewers are asked to consider several aspects of the manuscript, including:

Content: clarity of objective, technical correctness, scope covered, conclusions drawn as supported by the data presented, proper literature survey, impact on teaching and learning, contribution to engineering education, etc.

Originality: presence of new ideas or innovative contribution.

Structure: logical layout, proper use and adequate number of figures, diagrams, tables, etc.

Quality of text: being concise, correct grammar and spelling, clarity of expression, consistency, readability, citation of appropriate references, etc.
