

**CALL FOR PAPERS**  
**INTERNATIONAL JOURNAL OF ENGINEERING EDUCATION (IJEE)**  
**SPECIAL ISSUE ON ASSESSMENT**

Guest Editor

Gloria Rogers, Rose-Hulman Institute of Technology

Contributions are invited for a special issue of the International Journal of Engineering Education (IJEE) on the assessment of engineering programs.

Papers submitted should be based on current work and development that reflect the application of best assessment practices to engineering education. Authors should illustrate how assessment and evaluation has involved key stakeholders and guided improvements in engineering programs. Assessment processes that go beyond student/alumni self-report are especially welcome. Articles are also invited that describe the application of known qualitative and quantitative assessment methods to the engineering education setting.

Abstracts of no more than 300 words should be forwarded to the guest editor at [gloria.rogers@rose-hulman.edu](mailto:gloria.rogers@rose-hulman.edu) by no later than December 31. Final manuscripts will be due April 1, 2001.

Deadline for submission of papers is March 1, 2001. Submissions must be sent electronically by email attachments in MS Word or RTF format to the guest editor at [gloria.rogers@rose-hulman.edu](mailto:gloria.rogers@rose-hulman.edu).

Layout and format should conform to the guidelines given in the IJEE Notes for Contributors (<http://www.ijee.dit.ie/contrib.html>).
